

Target Setting & VISION 2040

Kitsap Regional Coordinating Council
Study Session
May 4, 2010

Presentation Overview

Growth Targets in VISION 2040

- Narrative
- Policies
- Action

What Does VISION 2040 Say about Targets?

Growth Targets

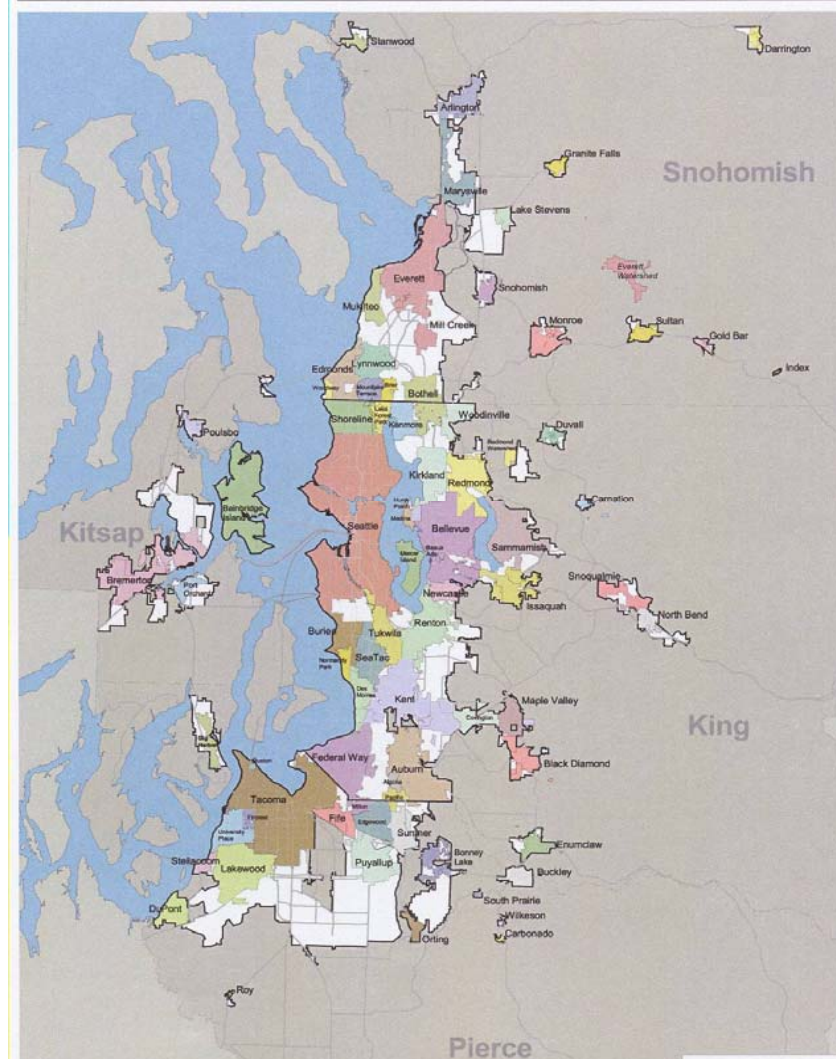

As part of the state's planning process, the target is an information tool intended to provide policymakers & others with a consistent estimate of how much growth is coming, & where it is expected & intended to go.

VISION 2040 calls for better integrating process for establishing residential & employment targets among the region's 4 counties.

The distributions provided in the *Regional Growth Strategy* are intended for use in the countywide targeting processes.

excerpted from VISION 2040 narrative on *Growth Targets*, page 47.

Cities and Counties in Central Puget Sound Region

What Do the Multicounty Planning Policies Say about Targets?

Multicounty Planning Policies

MPP-DP-3

Use consistent countywide targeting processes for allocating population & employment growth consistent with the regional vision, including establishing:

- a) local employment targets,**
- b) local housing targets based on population projections, &**
- c) local housing & employment targets for each designated regional growth center.**

from VISION 2040 Development Patterns Section, page 47

What Do VISION 2040 Implementation Actions Say About Targets?

Growth Targets Methodology

DP-Action-7

The Puget Sound Regional Council, together with its member jurisdictions will develop a regional methodology to guide countywide processes that set local housing & employment targets.

Results & Products: (1) *common methodology for target setting*

excerpted from DP-Action-7. VISION 2040 Development Patterns Section, page 62

Note: This action also addresses guidance for developing affordable housing targets, and for establishing residential and employment targets in centers.
