**A. WELCOME AND OLD BUSINESS**

Betsy Daniels, KRCC Program Director, welcomed participants to the KRCC Transportation Policy Committee (TransPOL) virtual meeting (see Attachment A for a list of TransPOL members and observers). The November 18, 2021 TransPOL meeting summary was approved without abstention or opposition. Betsy reviewed the agenda, topics of discussion, and purpose of the meeting.

Betsy reviewed the 2022 KRCC Calendar and the 2022 PSRC Committee Roster. TransPOL members provided updates on PSRC Committee positions. KRCC staff will make these updates before providing the updated list to PSRC.

**B. UPDATES ON 2022 FEDERAL TRANSPORTATION COMPETITION PROCESS**

Betsy stated that the main objective of the meeting was to come to agreement to recommend the 2022 Draft Countywide Call for Projects to the KRCC Executive Board. Betsy reviewed the topics needing TransPOL action:

- Limiting the amount projects can ask for in a single application to 50% of total allocated funding or 50% of total allocated funding *after* set-asides are subtracted. TransTAC did not feel strongly about either option and sought TransPOL guidance.
- Review and determine which centers are eligible for funding based on the Kitsap Countywide Planning Policies.
- Limiting the number of applications individual jurisdictions can submit. This issue was first raised at the November 18, 2021 TransPOL meeting but not all TransPOL members were able to participate in the discussion. In their January 13 meeting, TransTAC members determined the final decision was a policy issue and therefore sought a recommendation from TransPOL.

**Limiting the amount of funds projects can ask for in a single application**

TransPOL members shared the following comments regarding limiting the amount of funding that projects can ask for in a single application:

- TransTAC staff normally determine how to split the funds between years depending on the nature of the projects.
- Until this point, limiting each project to one year’s worth of the available funds was an unofficial policy. This decision would formalize that.

- Splitting the total funds evenly, including the set-asides, is less restrictive and allows for more flexibility.
- PSRC will not accept project recommendations that are not balanced by year.

TransPOL members agreed to limit the amount of funds requested in a single application to half the total funds, or \$5.1 million for this Countywide Competition.

### **Determining which centers are eligible for funding based on the CPPs**

Betsy reviewed the issue, which was not discussed at the January 13 TransTAC meeting. There were concerns about how local centers are reflected in the Draft 2022 Countywide Call for Projects, consistency with the terminology used in the Countywide Planning Policies (CPPs), and which centers are eligible for funds in the Countywide Competition.

Betsy shared a document that outlines the different types of centers and their eligibility for regional and countywide funding. KRCC staff will attach the table in the updated Call for Projects and will update the Call for Projects with the terminology used in the CPPs.

### **Placing a cap on the number of applications submitted by a single jurisdiction**

Betsy reviewed the four options. Two options were presented at the November 18, 2021 TransPOL meeting and TransPOL members proposed two additional options.

1. No action (currently what exists)
2. Limit the number of applications to 3-4 projects per jurisdiction with no limit on the contingency list (TransTAC's recommendation).
3. Kitsap County is allocated additional applications to account for UGAs.
4. Kitsap County and Kitsap Transit reach receive one additional project to meet rural requirements.

TransPOL members shared general support for a cap on the number of applications submitted and expressed concerns about an unlimited, unranked contingency list as outlined in option 2. Members shared that if there are additional applications, one must fulfill the rural set-aside.

Members also discussed how partnership projects between two or more jurisdictions would be counted and proposed that it would fill an application slot for the principal partner.

TransPOL members did not come to a consensus on a cap for the number of applications submitted by a single jurisdiction and will continue to discuss the issue before recommending the Draft 2022 Call for Projects to the KRCC Executive Board. The Draft 2022 Call for Projects must be approved before March 7 to adhere to PSRC deadlines.

### **C. LEGISLATIVE UPDATES AS NEEDED**

No legislative updates were discussed at this meeting.

### **D. TRANSPORTATION POLICY BOARD AND OTHER PSRC UPDATES**

No Transportation Policy Board or PSRC updates were discussed at this meeting.

### **E. CORRIDOR UPDATES**

No corridor updates were discussed at this meeting.

**F. ANNOUNCEMENTS AND NEXT STEPS**

Betsy Daniels opened the public comment portion of the meeting. One attendee participated with the following question:

- What constitutes as a countywide versus a regional project? The attendee shared Bond Road in Poulsbo as an example and asked if that would be a regional or countywide project.

KRCC staff will follow up with this member of the public based on PSRC guidance.

*The meeting ended at 4:30 p.m.*

## TransTAC Recommended Amendment to 2022 Countywide Call for Projects

v. 3/7/2022

At their February 10, 2022 meeting, TransTAC reviewed the KRCC Board-approved 2022 Kitsap Countywide Call for Projects and made a recommendation to amend the process of developing the contingency list.

The current guidance limits the total amount of requested funding allowed on the contingency list.

*“As part of the regular TIP programming process, KRCC’s TransTAC, TransPOL, and Executive Board will develop and approve a Contingency List that is 30-50% more than the expected funding. The Contingency List will be prioritized, at a minimum, to identify High, Medium, and Lower Priority Projects.”*

The proposed change described below in red would not limit the total amount of requested funds allowed on the contingency list.

*“As part of the regular TIP programming process, KRCC’s TransTAC, TransPOL, and Executive Board will develop and approve a Contingency List ~~that is 30-50% more than the expected funding~~. The Contingency List will be prioritized, at a minimum, to identify High, Medium, and Lower Priority Projects.”*

**TransTAC is making this recommendation for two reasons:**

1. The committee and Board have not followed this guidance in previous competition years.
2. The increase in potential funding from federal and state sources is of interest to the jurisdiction and therefore, they want to remove any barrier to eligibility. See Attachment A for an example.

### Next Steps:

- March 17, 2022 TransPOL Meeting: With KRCC Executive Committee approval, TransPOL can review this proposed amendment during their meeting.
- May 3, 2022 KRCC Board Meeting: With TransPOL approval, the KRCC Executive Board can approve an amended Call for Projects at their meeting in advance of the TransTAC project selection workshop at the end of May.

**Attachment A: Example of current guidance from 2020 Countywide Competition Contingency List**

Jurisdiction	Name of Project	\$ Request
Port of Bremerton	Airport Industrial Way Phase 2-2	\$2,942,656
Kitsap County	SR 104 Realignment – Kingston Phase 1	\$4,909,460
Kitsap County	North STO Trail Planning Study	\$2,363,230
Kitsap Transit	Port Orchard Transit Center	\$750,000
Poulsbo	Noll Corridor – North Segment (shared use)	\$1,000,000
Kitsap County	STO – Port Gamble Trail B2&D ) minus (A&B1)	\$668,000
Bremerton	Kitsap Way – Northlake Way to SR3	\$524,190
Kitsap Transit	Gateway Center	\$3,500,000
Kitsap County	County Paver Bundle	\$1,001,873
Bainbridge Island	Blakely to Lynwood	\$1,150,000
Bainbridge Island	Rolling Bay Bicycle and Ped Improvements	\$1,426,000
Total		\$20,585,409

**If the guidance was adhered to during the 2020 Countywide Competition, the contingency list would have been cut off at \$4.785 million (50% of the available funding).**

**The projects in gray would not have been added to the contingency list.**
